

Three-P Cream

Formula number:
01*****

Feature

Self-developed plant oil slow fermentation technology, the plant oil molecules enzyme cutting refinement, small molecule oil to accelerate the penetration of the muscle screen, moisturizing the skin.

Usage:

After cleansing the skin, take an appropriate amount of the mask into the palm of your hand, wait for 15 minutes, then wash off with water, normal skin care

Highlight ingredience

Xinjiang Purple mud: ultra-micro particle size, deep cleaning, blackhead removal and oil control, hollowing out the pores, but also regulate oil secretion, pore refining.

Perilla Seed Oil: soothes skin discomfort and stabilizes sensitive skin. It can prevent acne from arising and reduce the stimulation of hair follicles by harmful microorganisms on the surface of the skin, thus reducing the oil secretion of the skin.

New Frontier Comfrey Oil: Promotes tissue protease activity, enhances skin cell metabolism, contains naphthoquinone compounds, soothes inflammation and promotes repair.

Phytoceramides: (Multi-dimensional relief) Wangsha self-developed Phytoceramides allergy relief factors, 4 kinds of medicinal plants compound, using modern scientific extraction technology, concentrated precious skin care ingredients. Multi-targeted attack on the sensitive chain, multi-level soothing skin. Rapidly relieves skin discomfort.

Feature

Light blue, soft and sandy, touch the skin has a cool feeling, quickly forms droplets, significant skin cooling, silky smear feeling, fast absorption, not sticky

Usage:

After cleansing the skin, take an appropriate amount of the serum into the palm of your hand, gently apply to the face and massage until absorbed. Use in the morning and evening for better results with other skincare products. Avoid the skin around the eyes.

Highlight ingredience

Glacial microalgae: Microalgae originated from the pure realm of Tibet --- Lake Basomtso, extracted through fermentation process, rich in a variety of nutrients. With strong antioxidant power, it can moisturize and repair the skin, delay aging and brighten the skin's radiance.

Chlorella: Precious substance obtained from high quality chlorella cells through several times of isolation, concentration and extraction, rich in protein, lipids, carbohydrates, minerals. It has the effects of antioxidant, pore refining and skin elasticity.

4D Sodium Hyaluronate: 4 different structures of hyaluronic acid molecules work synergistically. Entering into different dimensions of the skin, it deeply moisturizes, locks in moisture, improves dryness, and leaves the skin hydrated and glowing.

Panthenol: Also known as provitamin B5, with good moisture and permeability. It can repair skin barrier, relieve irritation, and make skin moist and smooth.

Feature

Oil acne skin research system, accelerate acne control, cloud velvet texture, zero oil experience, refreshing and no burden

Usage:

After cleansing the skin, take an appropriate amount of the cream into the palm of your hand, gently apply to the face and massage until absorbed. Use in the morning and evening for better results with other skincare products. Avoid the skin around the eyes.

Highlight ingredience

Accutane-023: Wangsha self-developed patented acne-control ingredients, four plant extracts: forsythia fruit, white willow bark, spring flowers, holly leaf berberis complex, oil control, anti-bacterial, soothing multi-channel improvement of acne skin

Witchhazel: Shrink pores, control oil secretion, resist oxidation, soothe and lighten skin tone

Fomes officinalis: Selected Heilongjiang Jiamusi medicinal laminaria, natural organic extraction process, natural astringent, can shrink pores, at the same time can directly act on the inhibition of sebaceous gland mother cells to reduce sebum secretion, reduce the skin excessive secretion of oil; inhibit elastase activity, reduce collagen loss, increase skin firmness

Quorastop: Derived from Korean red pine, the active molecule is epigallocatechin gallate, which regulates the balance of microorganisms on the skin surface by inhibiting the production of the signaling factor AI-2 in bacterial quorum sensing and inhibiting the activity of LuxS enzyme.

skin probiotics: Stabilizes skin micro-ecology, skin anti-aging symbiotic probiotics, regulates skin PH balance, enhances skin self-repair and defense, balances skin oil and water, and relieves oil secretion.

Feature

Fast foaming, as dense as clouds, better cleansing experience.
Sodium glycine self-crystallizing system, simplified composition, lower stimulation

Selling point:

4 kinds of amino acid table active, mild power & cleaning power

Amino acid epitaxial system, add 4 kinds of amino acid epitaxial, open-eye wash without irritation, even wash three times without tightness. Wash off sunscreen, better cleaning power

Highly active nutrition, thousands of peptides to nourish the skin

Replace water with fermentation filtrate for higher activity. Add plant peptides, skin care.

Cloud Sense Amino Acid Cleanser

Formula number:
02F24022325A

Highlight ingredient

Lactobacillus/rice fermentation products: The polysaccharide active ingredients obtained from fermented rice by lactobacilli have smaller molecular weights and are more easily absorbed transdermally, with more efficient moisturizing, calming, whitening and soothing effects. Rich in a large number of small molecules of organic acids, proteins, small molecules of peptides, amino acids, a variety of trace elements and so on.

Sodium Cocoyl Glycinate: Sodium Cocoyl Glycinate is an amino acid-based green surfactant made from glycine and fatty acids of natural origin. It is weakly alkaline, has a fine and elastic foam, and feels refreshing and non-tight when used, with both mildness and cleansing power.

Potassium Cocoyl Glycinate: An anionic surfactant synthesized from coconut oil fatty acid and glycine, it has smooth and elastic foam with rich and stable foam volume. Cleanses without tightness after washing, with a smooth, gentle feel.

Camellia sinensis extract: Camellia sinensis extract contains polyphenols, flavonoids, saponins, vitamin C, tannins and amino acids and other nutrients to enhance the skin's free radical resistance, soothing and calming sensitivity.

Antiaging BioPep™: Moksha's self-developed ingredients, concentrated extraction of 2000+ plant peptides, 0.14~1.97KDa plant peptide fragments, small molecules easy to transdermal, 39.8% peptides with clear biological activity.

Feature

Full light loss protection shield, multi-spectral repair

Usage:

After cleansing the skin, take an appropriate amount of the serum into the palm of your hand, gently apply to the face and massage until absorbed. Use in the morning and evening for better results with other skincare products. Avoid the skin around the eyes.

Highlight ingredient

Self-research and extraction of youthful yeast: nucleic acid and nucleotide analogs up to 482.625 µg/mL, activate cells and repair damaged cells under uv.

Light Enhancing Factor: Moksha's self-research ingredient, a uniquely scented desert botanical frankincense, originated in the Dhofar region, a barren and remote place 3000 years ago, known as the pearl of the desert in the driest of habitats, exerts a defensive effect through the activation of Keap1/Nrf2/HO-1, protecting cells and skin from light damage. Protects cells and skin against photodamage and aging.

Silanediol Salicylate: a derivative of the salicylic acid group that stimulates the growth of the number and density of collagen and elastin fibers in the skin, as well as eliminating free radicals, having antioxidant properties and activating cells.

Lip Microcapsule Essence

Formula number:
08E24011381

Feature

Bifida ferment filtrate substituted for pure water. Micro-capsule suspension oil system, touch the skin release fresh, multiple vegetable oils quickly moisturize, soft keratin, transparent luster.

Usage:

After cleansing the lip, gently apply the serum to the lip and wait until absorbed. Use in the morning and evening for better results.

Highlight ingredience

Retinol propionate: vitamin A, keep the lips skin moisturized and elastic, lighten the lips fine lines, dry lines.

Honey: natural and harmless, can lock the skin moisture, moisturize the skin; can lip wrinkles, keep the skin smooth and elastic, nourishing moisturizing lips, lighten lip lines.

Panthenol: vitamin B5, good skin absorption, through oxidation can be rapidly converted to pantothenic acid, and then further converted to acetyl coenzyme A, and then play a repair, moisturizing and other effects.

Vitamin C: removes free radicals, inhibits melanin production, moisturizes lips and locks in lip color.

Lime peel oil: natural plant, can make the skin soft, elastic, and easy to be absorbed by the skin, nourishing lips, lasting moisturizing.

Phellodendron Bark: Promote ulcer healing, prevent skin dehydration, aging, lighten lip lines, care for the lips!

Disposable Retinol Anti-wrinkle serum

Formula number:
08E24012762

Feature

Innovative micro-encapsulated disposable essence, BFS vacuum aseptic freshness locking secondary throw + self-developed micro-encapsulated essence milk Secondary freshness protection, microcapsules lock freshness to protect the oily active ingredients, BFS vacuum aseptic disposable essence to lock the essence activity.

Usage:

After cleansing the skin, take an serum into the palm of your hand, gently apply to the face and massage until absorbed. Use in the morning and evening for better results with other skincare products. Avoid the skin around the eyes

Highlight ingredience

Super A-alcohol: Patented HPR, unlike traditional retinol, the molecule does not need to be converted to work directly on the skin, reducing irritation, stronger molecular stability, not easy to be oxidized, anti-aging and anti-wrinkles, but also to promote the generation of collagen, enhance the reduction of wrinkles brighten, so that the skin bloom youthful vitality.

Triticum Vulgare: Phyto-Alcohol (Triticum Vulgare) has a similar mechanism of action as retinol, without the need to establish tolerance, and promotes collagen.

Ergothioneine: Cellular muscle repair, skin homologous anti-oxidant ingredients, can be transported to the “mitochondria”, intelligent scavenging of excess free radicals, to protect against free radical damage, the front anti-aging.

Antiaging BioPep™: Moksha's self-developed ingredient, extracted from quinoa, white lupine, soybean, concentrated 2000+ plant peptides, 0.14~1.97KDa plant peptide fragments, small molecules easy to penetrate the skin, and 39.8% of the peptide has a clear biological activity.

Instant anti-wrinkle eye cream

Formula number:
02C22050423

Feature

Mild and non-stimulating, instant absorption, active injection, concentrated essence, rich in nutrients, with a variety of anti-wrinkle and anti-aging ingredients

Usage:

After cleansing the skin, take an appropriate amount of the cream into the palm of your hand, gently apply around the eyes until absorbed. Use in the morning and evening for better results with other skincare products.

Highlight ingredient

Botulinum toxin-like Acetyl Hexapeptide-8 inhibits the release of the neurotransmitter acetylcholine and weakens muscle contraction to reduce wrinkles, and also increases the activity of elastin, which improves the problem of sagging skin around the eyes, making the eye area smooth and firm.

Ergothioneine: a powerful antioxidant ingredient, it enters cells and mitochondria through OCTN-1, a transporter in keratinocytes and fibroblasts, to scavenge reactive oxygen radicals and play the roles of antioxidant and mitochondrial DNA protection.

Snake venom-like peptide, against wrinkle, by improving the contraction of facial skin, delaying wrinkles, so that dry and tiny wrinkle appear to reduce and lighten the effect of relaxation of the skin state, so as to improve the dynamic wrinkles and tighten the skin.

Feature

Bionic rice microcapsule system, thousands of microcapsules contain the “queen of oil”- white pool flower seed oil, dissolve on the skin immediately, moisturize and protect the skin.

Usage:

After cleansing the skin, take an appropriate amount of the cream into the palm of your hand, gently apply to the face and massage until absorbed. Use in the morning and evening for better results with other skincare products. Avoid the skin around the eyes.

Highlight ingredient

Moksha self-developed yeast/rice fermentation product filtrate, high density fermentation, enriched with small molecules of nutrients, strengthens the skin.

Panthenol + Panthenol inhibits redness and irritation, strengthens the skin barrier, and enhances skin tolerance.

Probio TF: Moksha's self-developed ingredient, a collection of prebiotics, probiotics, and postbiotics, strengthens the micro-ecological barrier and reduces skin problems caused by flora imbalance. Soothes skin sensitivity, promotes barrier repair, enhances skin water locking and regulates flora balance.

Moksha Moringa Seed Cleansing Oil

Formula number:
08C23120961

Feature

Water, oil and surface activity, three-phase synergistic makeup dissolution, accelerated removal, wet and dry face and hands can be used; one-step removal of water-soluble and oil-soluble makeup.

Usage:

Apply an appropriate amount of cleansing oil on the dry skin, gently massage in circular motions with your fingers until the makeup or sunscreen is fully dissolved. Dampen your hands with a little water, massage the skin again until the makeup remover has fully emulsified into a white color. Rinse thoroughly with water.

Highlight ingredient

9.8% Moksha self-researched Chipotle Seed Extract, it actively coagulates makeup residue and reduces the re-absorption of impurities.

European lingonberry fruit oil: rich in anthocyanins, polyphenols powerful antioxidants (lingonberry seed antioxidant level is 4 times higher than that of blueberries), vitamin C and vitamin E, can be very effective in helping the skin astringent, lifting and firming, and at the same time locking the water to maintain the balance of oil and water and to restore elasticity

Sea buckthorn fruit oil: contains a large amount of vitamin C, vitamin E, carotenoids, SOD, sea buckthorn flavonoids, a variety of amino acids, is a super antioxidant to fight against free radicals, rebuild the cells and slow down cellular aging; tightening and toning of loose skin, smoothing wrinkles; stimulate collagen synthesis. It strengthens the lipid barrier of the epidermis of dry skin, preventing transepidermal water loss and exogenous harmful substances.

Jojoba Seed Oil: "Liquid Soft Gold", good permeability, directly replenishes the sebaceous membrane.

Squalane: natural plant source, highly soluble with the oils secreted by the skin, forms a protective

GOLD DIAMOND PROTEIN RESTORATIVE MASK

Formula number:
08C23120961

Feature

Repair and nourishing formula, exclusive micro-encapsulation locking technology, to improve the frizz and dry hair breakage, hair soft and silky, shiny and glossy, to bring you a SPA-level hair care experience.

Usage:

After shampooing, take an appropriate amount of this product on wet hair, massage gently for about 5 minutes, then wash with water. Or use for shampoo before, appropriate amount of wet hair to wet non-dripping state, take the appropriate amount of this product evenly coated, leave it for about 5 minutes, rinse lightly and then carry out the regular shampooing and conditioning steps can be.

Highlight ingredience

Dictyostelium: modern bio-fermentation technology, the combination of ultra-micro-molecules, so that other nutrients are better absorbed by the hair strands, the origin of the skin cell repair, the yeast wake up and revitalize the anti-free radicals, and enhance the scalp barrier.

Brown Rice Ferment: Brown rice water, a self-developed ingredient of Moksha, is cultivated, fermented and extracted by modern bio-fermentation technology, enriching the active ingredients in fermentation, containing nucleotides, amino acids, B vitamins and trace elements, strengthening the keratin barrier, stabilizing the micro-ecology, and reinforcing the water-locking barrier.

Ternary Probiotic Factor: Moksha's self-developed ingredient, a collection of prebiotics, probiotics, and postbiotics, strengthens the micro-ecological barrier and reduces skin problems caused by imbalance of the flora. Soothes skin sensitivity, promotes barrier repair, enhances skin water locking and regulates flora balance.

Cinnamon Bamboo Protein Peptide Styling Factor: It can modify the shape of hair while preventing styling damage, forming a bionic cuticle on hair to protect hair and maintain styling for a longer period of time

Chia Seed Protein Peptide Protection Factor: prevents chemical damage from destroying protein bonds in the hair, forms a bionic cuticle on the hair, protects the hair, and actively prevents hair damage.

Feature

Suspended pearl microcapsule wrapping technology, pearl in the extrusion of the moment that is broken, essence is released immediately, the sense of plumpness doubled after washing, gentle care of hair soft and bright

Usage:

Wet your hair, press the shampoo on your hair, rub gently to lather, and rinse with water.

Black Caviar Essence Shampoo

Formula number:
06S220922135

Highlight ingredience

Hydrolyzed wheat protein: rich in small molecules of wheat protein, because the molecular weight is relatively small, better penetration of the hair follicle, replenishment of nutrients to enhance the vitality of hair, the formation of a protective film of protein on the surface of the hair strands to enhance the tension and elasticity of the hair fibers, smoothing the frizz, and enhance the luster of hair.

Oat Glucan: has good moisturizing ability, can increase the moisture content of the stratum corneum, hair, so as to improve the hydration and softness of the hair

Sturgeon Caviar Extract: A unique luxury ingredient from the ocean, extremely rare in production but with high nutritional value, rich in various trace elements, providing nutrition for the hair, making hair shiny and smooth.

Feature

Specializing in fresh extraction technology, the real addition of fresh flower petals, soothing fragrance, enjoy the fragrance, soft like water, amino acid table living system, enjoy the luxury of SPA-level shower

Usage:

Wet your body, take an appropriate amount of this product on the palm of your hand or on the shower utensil, then apply all over the body until a rich lather is produced, then rinse with water.

PETAL SCENTED BODY WASH

Formula number:
06S220922135

Highlight ingredience

Sodium Cocyl Methyl Taurate: oan amino acid surfactant made from naturally sourced fatty acids, highly hydrophilic taurine and sodium taurate, green and mild, with double amino acid effect, excellent foaming and foam stability.

PEG-7 olive oil acid ester: derived from olive oil, compatible with a variety of surfactants, has a very strong skin affinity, can repair the sebaceous membrane, reshape the skin barrier function, bring deep moisturization for the skin.

Aloe barbadensis leaf water: rich in glycosaminoglycans (GAGs) can help prevent the loss of water from the human epidermis, which is a type of sugar molecule that can bind water into the skin, easily absorbing water, filling the space between collagen and elastin fibers in the dermis, making it expansive.

Beta-glucan: penetrates the skin to enhance water locking and moisturizing, promote immune protection and skin repair

Cinnamon: protects the skin against extreme heat, improves the skin's ability to adapt to heat stress, relieves redness of the skin after sun exposure, and helps the skin to be antioxidant and anti-inflammatory

Jasmine: Contains jasmone and indole, effectively relieves skin fatigue and stress, while combating photo-aging and skin sensitivity, redness, super antioxidant effect, can help to discharge the skin clouding, remove dullness.

Feature

Cream texture, smooth feeling when applied, fast absorption, soft skin after absorption. Type S high purity Bosin + Oil cream, tailored to dry and loosen skin.

Usage:

Apply the appropriate amount of this product on the whole body, gently massage until absorbed can be, after the shower to use the effect is better!

PRO-XYLANE BODY OIL CREAM

Formula number:
05C24032021

Highlight ingredience

Hyaluronic Acid: 99.99% ultra-pure S-configuration solid hyaluronic acid, which promotes collagen production and skin elasticity.

Sunflower Seed Oil: High in unsaponifiable oils (phytosterols, Vitamin E and squalene) and other ingredients important for skin regeneration and maintenance, helping to strengthen the skin barrier.

Squalane: of natural plant origin, highly soluble in the oils secreted by the skin, it forms a protective film on the skin's surface, moisturizes the skin and promotes repair.

Shea Butter: Extracted from the fruit of the avocado tree, the natural moisturizing factor and the moisturizing component extracted from the sebaceous glands have the same composition, locking moisture.

Sodium hyaluronate: natural moisturizing factor, moisturizing and easy to absorb, with a thousand times its own water locking power, to promote the skin to lock water, and co-construction of water locking barrier.

Feature

The double texture of water and lotion, replenish the essence water and essence lotion at the same time, penetrating moisturizing the skin, quickly quench the thirst of the skin, and long-lasting water lock.

Usage:

Press the spray and evenly spray the body mist on the body skin, gently massage in a circular motion on the skin until absorbed, doubling the application on dry skin.

European bilberry Moisturizing Body Spray

Formula number:
05L24030821

Highlight ingredient

Squalane: natural plant source, highly soluble with the oils secreted by the skin, forms a protective film on the skin surface, moisturizes the skin and promotes repair.

Jojoba seed oil: “liquid soft gold”, good permeability, directly replenish the sebaceous membrane.

European bilberry oil: rich in anthocyanins, polyphenols powerful antioxidants (Vaccinium myrtillus seed antioxidant level is 4 times higher than that of blueberries), Vitamin C and Vitamin E, can be very effective to help the skin astringent, lifting and firming, and at the same time, lock the moisture, to maintain the balance of oil and water, to restore elasticity.

Ergothioneine: Cellular muscle repair, skin homologous anti-oxidant ingredients, can be transported to the “mitochondria”, the wisdom of scavenging excess free radicals, free radicals to protect against damage, the front anti-aging.

Soluble collagen: consistent with the amino acids of human collagen, more conducive to a better combination with the cell receptor proteins, thus enhancing the firmness and elasticity of the skin, set repair, regeneration, anti-aging three effects in one

Ultra Hold Flawless Foundation

Formula number:
07P23112909

Feature

Great for oil skin, mixed oil skin, 555 plant extraction oil control ratio, after AS treatment technology, can fit the skin well, long staying, not dark, no oxidation do not transferable

Usage:

Apply an appropriate amount of foundation to the face, use a foundation brush to make circular motions or use a beauty egg to press and spread evenly.

Highlight ingredient

Brown Rice Water: Moksha's own ingredient, cultivated, fermented and extracted by modern bio-fermentation technology, enriched with active ingredients from fermentation, containing nucleotides, amino acids, B vitamins and trace elements, which strengthens the keratin barrier, stabilizes the micro-ecology, and reinforces the water-locking barrier.

Witch Hazel Extract: Containing a large amount of tannin-like substances, it is very effective for oily skin or allergic skin, shrinking pores, controlling oil secretion, antioxidant, soothing and calming and brightening skin tone.

Calendula Extract: Contains beta-carotene, enhances epidermal activity and repairs damaged skin. Tones the skin base and promotes cellular metabolism

Medicinal Laminaria Extract: A natural astringent that shrinks pores, while working directly to inhibit sebaceous gland mother cells to reduce sebum secretion and overproduction of oil in the skin; inhibits elastase activity to reduce collagen loss and increase skin firmness.

4D Hyaluronic acid: better than a single sodium hyaluronate effect, different molecules of hyaluronic acid, layer by layer moisturize skin and build barrier.

Feature

A box of 5 pieces, add rare cordyceps peptide, multi-dimensional moisturizing, piecewise anti-aging, three-dimensional filling full and bright, compact boom, luxury aging muscle, full link luxury and young state

Package includes:

Cleanser, Moisturizing water, Serum, Moisturizing lotion, Moisturizing cream

Cordyceps peptide gilt luxury

Formula number:
03W23042501J
03W23042502J
03L23042503J
03C23041801-5H

Highlight ingredience

Cordyceps Complex: 5 precious natural ingredients, Cordyceps, Snowdrop, Olive Leaf, Scutellaria Baicalensis, Morus Alba, enhance skin elasticity and promote cell metabolism, multi-targeted sniper SASP aging pathway, blocking the cellular chain of cellular aging propagation

Saccharomyces cerevisiae: modern bio-fermentation technology, the combination of ultra-micro-molecules, so that other nutrients are better absorbed by the skin, the origin of the skin cell repair, yeast wake up and revitalization, anti-free radicals, enhance the skin barrier

Snowdrop healing tissue extract: grown in high altitude, low air pressure, high UV areas, containing chlorogenic acid, plant sterols, amino acids, polysaccharides and other reshaping of the skin elasticity, slowing down the degradation of elastin, promote collagen synthesis, to maintain the skin fullness, delay aging

Serum protein anti-wrinkle firming revitalizing water

Formula number: 02W23032025A

Highlight Ingredience

Serum Protein, a highly active protein required for the rebirth and repair of human cells, can restore youthfulness. Through the protein film drying when tightening the skin, smoothing wrinkle; soothing sensitive discomfort, improve sensitive skin, repair redness and hormone face, enhance the the natural skin barriers to defend against the outside world;

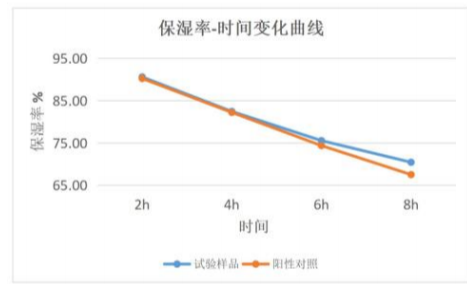

β -nicotinamide Mononucleotide, is a naturally occurring biologically active nucleotide, known as the anti-aging "miracle drug". Protect against photoaging, accelerate metabolism, anti-wrinkle and anti-inflammatory, firming and skin rejuvenation.

Collagen, is consistent with human collagen amino acid, can more conducive to a better combination with the cell receptor proteins, so as to enhance the firmness and elasticity of the skin, set the repair, regeneration, anti-aging three effects in one.

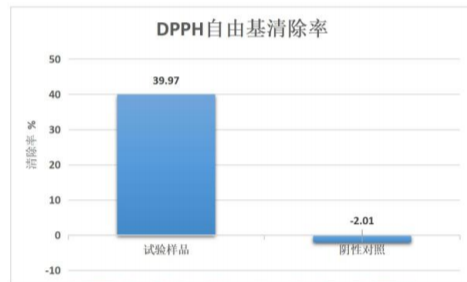

Feature

1:9 oil-water ratio, water and oil supplement, After absorption, the skin is moist without oil and no stickiness

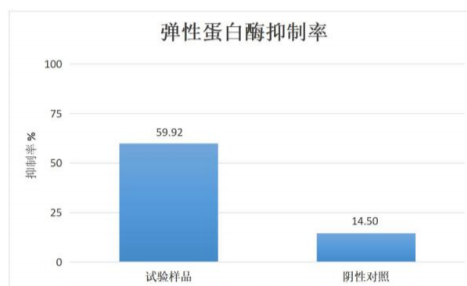

Effect Data:

The 8h moisture retention rate was 70.42%

The average DPPH free radical scavenging rate was 39.97%

Elastase inhibition was 59.92%

MOKSHA 望莎

Beauty full category supply chain platform

REJUVENATING ESSENCE LOTION

Formula number: 02W23032025A

Feature

The creamy texture, gently kneaded into water, deeply moisturizing and hydrating, combining multiple essential ingredients, light flow, breaking through the skin barriers, so that the continuous moisturizing and repairing energy, directly to the skin's deeper layers. Make the skin full of bright, youthful glow, start your journey of transformation!

Highlight Ingredience

Snake Venom-like Peptide, anti-expression lines, by improving the contraction of facial skin, delaying wrinkles, so that the dry fine lines appear to reduce and lighten the effect of relaxation of the muscle state, so as to improve the dynamic wrinkles, tightening the skin.

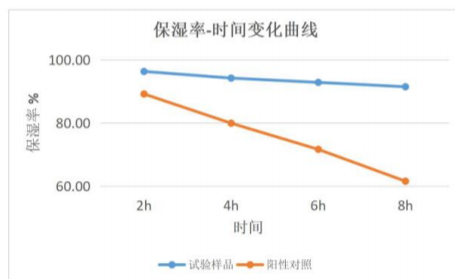

Anti-wrinkle Complex Peptide, strong wrinkle, complex myostatin, acetyl hexapeptide-8, palmitoyl tripeptide-1 palmitoyl pentapeptide-4, anti-wrinkle repair, smooth fine lines;

3-o-ethyl Ascorbic Acid, with good stability, preventing light damage, brightening skin tone

French Fork Shan Algae, has won the authoritative BSB raw material innovation award, scavenging peroxides and free radicals, reversing anti-aging, magic anti-aging and wrinkle removal, slim face immediately.

French Sea Fennel, with good antioxidant properties, anti-aging repair

Effect Data:

The 8h moisture retention rate was 91.45%

The average DPPH free radical scavenging rate was 86.72%
